

INVITATION: Psychiatrist education webinar

# Private practice and assisted therapies

Your future with Avive

29 July 2025 | 7:00pm – 8:30pm

Join clinical and industry leaders as we unpack the evolving landscape of private psychiatry.

From emerging assisted therapies including psychedelics, ketamine and robotic TMS through business foundations and indemnity, this event offers a practical and evidence-based guide to growing your practice with Avive Health.

## Meet our presenters

- **Private practice models with Avive: Shareholder, visiting, and sessional options**  
Greg Procter and Mark Sweeney Co-CEOs and Co-Founders, Avive Health
- **Assisted therapies: Psychedelics, robotic TMS and ketamine referral pathways, credentialling and training programs**  
Dr Bjorn Burgher Consultant Psychiatrist, Avive Brisbane  
Dr Michael Winlo Chief Scientific Officer and Executive Director, Emyria Limited
- **Lived experience: What I wish I knew sooner**  
**Practical insights from experienced and early-career VMOs**  
Dr Matt McDornan Co-Founder and Psychiatrist, Avive Health
- **Business essentials: Accounting, tax, business structures, creating wealth, superannuation tips**  
Belinda Hudson Partner Business Advisory, William Buck Australia
- **Navigating indemnity: Medico-legal and risk FAQs**  
Marko Novakov Senior Associate Commercial & Corporate, Avant Law

## Registration includes

- Introduction to Avive Health and our advanced assisted therapies – including psychedelics, subcutaneous ketamine, esketamine, and robotic TMS
- A chance to have your clinical, legal, and financial questions answered live by expert panels
- Priority access to our next exclusive event – AI in Psychiatry – with internationally recognised keynote speakers
